## AMERICAN EAGLE HEROES

AMBASSADORS OF PEACE, HOPE & FREEDOM  
PHOTO COLLECTION BOOK

*“My first thoughts on this book were Wow someone put together a book to honor the men and women that serve our country day and night so we have peace here in America. As a soldier of the United States Army, I think there is an unspoken bond of trust when someone, anyone sees our uniform. You can see that in this book. There are friendships and interactions with families and children. It’s not what people back at home watch on CNN. These are great photos of true good hearted acts. I really like the book.” -*

*Sgt. Bonnie Shukla, United States Army National Guard 536th Battalion Houston, Texas*

Published by REOCOM, The American Eagle Heroes Project is honoring our soldiers as heroes with American Eagle Heroes-America’s Ambassadors of Peace, Hope & Freedom, a full-color 100-page photo collection book of extraordinary heartwarming images of our soldiers who are making time to uplift peoples' spirits even in the time of war. Researched, compiled, and created by Ronald Robinson, his son Alexander, and daughter Nicque, the book opens with the Incredible Ambassadors of Freedom Essay by 15 year-old Nicque Robinson and features the incredible talent and bravery of U.S. Military Combat Photographers who captured these awesome images under extreme conditions. The book showcases images that illustrate the true character of our brave military men and women who make time on the frontlines to play with children, help families, guard schools, hand out school supplies, provide medical aid, and bring smiles of hope to future generations. The American spirit on display in each picture will fill readers with an overwhelming feeling of pride, admiration, respect, and honor for our soldiers as Heroes.
